DOMINION ORDERS IN COUNCIL.

(Ref. 707,305)

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, the 19th day of June, 1902.

PRESENT:

THE RIGHT HONOURABLE THE ADMINISTRATOR IN COUNCIL.

ON a Memorandum, dated 9th June, 1902, from the Minister of the Interior, stating that by an Order in Council, dated 31st May, 1902, authority was given for the issue of a patent to the City Council of New Westminster of a certain tract of land in the Province of British Columbia, in connection with the Coquitlam Water-Works, from which the city water supply is taken, upon their complying with certain conditions therein specified; that an application has been filed in the Department of the Interior by The Vancouver Power Company, Limited, for land within the above described tract, required for works they propose to erect; and that the City of New Westminster have, in writing, consented to the application being granted.

The Minister recommends that the Order in Council of 31st May, 1902, referred to above, be amended by excluding from the tract therein described such land as The Vancouver Power Company may require in connection with their works, conditional on the Company undertaking to use the said land for no other purpose; and that the land The Vancouver Power Company may require within the tract described in the said Order in Council of 31st May, 1902, and the available land surrounding Trout Lake in the same locality, for which they have also applied in connection with their works, be sold to them at the regulation price of \$5.00 per acre, upon their filing in the Department of the Interior, within one year from 9th June, 1902, a plan of the survey of such lands approved by the Surveyor-General of the Department of the Interior.

The Committee submit the same for His Excellency's approval.

JOHN J. MCGEE,

jl17

Clerk of the Privy Council.

(Ref. 703,130.)

AT THE GOVERNMENT HOUSE AT OTTAWA,

Saturday, the 31st day of May, 1902.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-GENERAL IN COUNCIL.

ON a Report dated 21st May, 1902, from the Minister of the Interior, submitting that the City Council of New Westminster, British Columbia, has made an application for a grant of the south-west quarter of Township 6, Range 6; the west half of Township 5, Range 6; and the west half of Fractional Township 4, Range 6, all west of the 7th Meridian; also Section 36, Township 39, W. C. M., in the Province of British Columbia, in connection with the Coquitlam Water Works, from which the City water

supply is taken, and have offered the nominal figure of \$250 for this area.

The Minister represents that the Corporation state that the reason they apply for such a large area around the lake and river is that the water may be preserved from contamination, and that nearly all the land applied for consists of barren, rocky hills, with a few patches of comparatively level land from a few yards to a couple of acres in extent.

The Minister states that the Agent of Dominion Lands of the Department of the Interior at New Westminster has made the following report upon the application made by the City Council of New Westminster:—

“The growth of the City being, comparatively speaking, in its infancy, it is extremely important that this water supply shall be guarded and preserved from all sources of contamination. From an inspection made of this lake, it appears that only a small portion of the adjoining lands, namely, on the southwest side, could be made of any use whatsoever for cultivation, and, therefore, although the whole area included in the application might be considered as a large area, yet for all practical purposes it is of no commercial value. The lake lies in a valley and the lower stretches are covered with smallish timber, which improves the locality as a water basin, and it is considered very desirable that effective measures be taken to prevent this young timber from being destroyed by forest fire. There is very little merchantable timber in or surrounding the basin.

“As matters stand at the present time, an adventurer could easily settle on some point on the shores of the lake and cause great uneasiness, in many respects, to the City authorities and the inhabitants of the City who use the water.”

The Minister, seeing no objection to the application made by the City Council of New Westminster being granted, recommends that a patent for the land be issued in their favour, upon receipt here of the amount they offer, namely, \$250, and on filing in the Department of the Interior, at their own expense, a plan of the survey of the tract applied for, approved by the Surveyor-General of the said Department.

The Committee submit the same for His Excellency's approval.

JOHN J. MCGEE,
Clerk of the Privy Council.

WHEREAS it is deemed expedient to amend the "Procedure By-law" :

Be it, therefore, enacted by the Mayor and Council in open meeting assembled as follows:—

1. By-law No. 32, known as the "Procedure By-law," is hereby amended by adding thereto the following clause, to be known as clause 87A :—

DUTIES OF ACCOUNTANT OR COMPTROLLER.

It shall be the duty of the Comptroller:

1. To supervise and examine all accounts rendered against the city and submitted for payment, before the same are presented to the respective committee of the Council to be dealt with.

2. To ascertain and report on each account submitted or payment of which is claimed against the city, whether such account has been properly incurred, and the liability so incurred, if any, by the city has been properly and legally authorised, having regard to the resolution, by-law, or contract under which the debt shown by the account is stated to have been incurred.

3. To ascertain whether the correctness submitted to the city for payment have been properly vouched for by the officer of the city whose duty it is to vouch for the same.

4. To ascertain whether in the case of any account against the city for goods or material supplied to the city a requisition was duly and properly made out, signed and delivered by the proper officer authorised to sign the same before such goods or material were supplied or delivered.

5. On the Comptroller being satisfied that all the requirements of the resolution, by-law or requisition have been complied with under or by virtue of which the claim against the city is said to have been incurred, he shall so certify in writing, and provided that there is sufficient money to the credit of the appropriation out of which such amount is to be paid, he shall submit the account to the committee of the department having charge of the same for consideration and approval: Provided, that if there is not sufficient money to the credit of the appropriation he shall so certify and report to the Council.

6. The Comptroller shall submit a special report, containing his reasons, to the Council concerning any account if in his opinion the conditions of the Act, by-law or resolution under which such account has been incurred have not been complied with, or if there is not enough money to the credit of the appropriation out of which such account is to be paid or debited, or if the resolution, by-law, contract or requisition under or by virtue of which the account is alleged to have been incurred is in his opinion ultra vires of the power of the Council or officer signing or vouching for the same.

7. He shall keep books of account showing the total amount of appropriations for each department of the city out of the general revenue made by the Council each year limiting the proposed expenditure of each department, or committee of the Council, and also showing from time to time the exact amount expended by each of the departments out of such appropriations, so that it can readily be seen at any time what amount, if any, is to the credit of each department or committee controlling or managing the affairs of the city.

8. After the accounts properly certified as correct and payable by the city have been passed by the Council to be paid, the Accountant or Comptroller shall receive the same back from the City Clerk, and shall make out the cheques or warrants for the payment of the same to be signed by the officers of the city whose duty it is to sign all cheques or warrants for payment of money, and shall hand the same with the accounts, certificates and vouchers attached, to the Treasurer of the city.

9. After the accounts have been paid and the vouchers accepted the Comptroller shall receive the same back from the Treasurer, after examination by the Auditor, properly folded for filing away, and shall file the same away in his office for reference at any future time.

10. He shall at the end of each financial year prepare, in duplicate, an abstract of the expenditure and receipts, assets, including all personal property and liabilities of the city, in such form as the Council may from time to time direct. In order to ensure and facilitate an accurate statement of the assets being made the head of each department shall make a report in writing to the Comptroller fourteen days before the end of the financial year, of all the property, both real and personal, of the city that is in his control, possession, or in use by the department of which he is head, together with a statement of the condition such property may be in.

DUTIES OF AUDITOR.

1. The Auditor shall examine and report on all accounts and books of account affecting the corporation or relating to any matter under its control or within its jurisdiction for the financial year ending 31st day of December each year.

2. He shall make a report on all accounts and books audited by him, and if he shall discover the expenditure of moneys of the city without lawful authority or in excess of authority he shall forthwith make a special report of the same to the Council.

3. He shall examine all books of account, counterfoils and receipts showing receipt of moneys by any department or officer of the city, and shall satisfy himself that the amounts received have been paid over to the Treasurer and by him deposited in the bank of the city and to the credit of the city, that the same have been placed in the books of the city to the credit of the department, appropriation or fund to which the same should be credited.

4. He shall, on the 25th day of each month, prepare and sign a report certifying that he has examined the books, accounts and vouchers, showing expenditure and receipts by the city during the preceding month, and shall make a report thereon, stating in any such report if any payment has been made on any account exceeding the amount to the credit of the appropriations set apart from which such account is payable, and if any payment that should have been made to the city have not been so made and the reason thereof.

5. He shall, at the end of each financial year, examine and audit the abstracts of receipts, expenditures, assets and liabilities of the city prepared by the Comptroller under Clause 10 hereof.

6.
